

# Meet a Member of the Brandeis Team

Meet Josh Sawyers. Josh is the service manager at our Brandeis Machinery Corbin branch. Josh joined Brandeis in 2011 as a field mechanic. In 2018 he advanced to service manager.

Josh has many years of experience in the heavy equipment industry. He got his start in the gas industry then moved on to service equipment in the field for the coal industry in Central City, Kentucky and West Virginia before joining Brandeis.

Josh loves working at Brandeis. "Brandeis is a very family-oriented workplace. They care about not only their employees, but also their families. They understand when parents must take time off for sick children, events at school, family emergencies and other unexpected events. I enjoy the events hosted by Brandeis that my family can attend. At our Christmas dinners they provide gifts as well as a visit from Santa. It is a true family environment," said Josh.

Outside of work Josh enjoys spending time with his family, riding side-by-side and camping – really just anything outdoors and low key.
